

# How Does My District Sign Up for NWEA MAP SLO & Growth APPR Results?

NWEA MAP assessments are approved for use in **Student Learning Objectives (SLOs)** and a **growth model** for **math, reading, and language usage for grades K-10** under Education Law 3012-D. Since 2012, NWEA has partnered with Education Analytics (EA) to deliver APPR results to New York districts. EA's full suite of results is included in your MAP subscription cost for the 2018-19 school year. Your district can receive teacher-level, grade-level, and school-level SLO and growth model results by completing the following steps:

## 2019 TIMELINE

## STEPS TO RECEIVE FULL RESULTS

May 31	<b>Sign Up by Submitting a Data Release Agreement</b> Sign the EA data release agreement via email to release SIRS data to EA for analysis.	
June 11 - June 28	<b>Data Upload Window</b> Upload/transfer SIRS data to EA's secure site (if EA is unable to collect from your RIC). <b>Recommended:</b> Upload completed expected teachers template.	
June 17	<b>Data Collection Webinar</b> <b>Optional:</b> Attend EA webinar on overview of data collection process and how EA computes the 0-20 APPR scale for your results.	
July 26 - August 9	<b>Embargo Period</b> Review preliminary results and share additional information and/or feedback to EA.	
July 29	<b>Preliminary Results Webinar</b> <b>Optional:</b> Attend EA webinar on reviewing and interpreting preliminary results.	
August 16	<b>Final Results Available</b> Download your final results for K-10 Math, Reading, and Language Usage.	
August	<b>Next Steps</b> (As a district) Determine whether to use one of the methods (SLO or growth model) for APPR and submit to state or to just use the results for informational purposes.	

## Next Steps:

To receive the Agreement, contact Megan Wood: [megan.wood@nwea.org](mailto:megan.wood@nwea.org)

For more information about the results, contact EA: [newyorkappr@edanalytics.org](mailto:newyorkappr@edanalytics.org)
